JOB SERMON SERIES

Today we continue our sermon series **Job: The Humanity of Pain.** Though the problem of pain has not been figured out in all of humanity's history, we will recognize how pain is a real human experience, lived in lives of the community, and how God offers hope to all people.

I hope you make plans to join us as we learn to understand God, even amid pain, so that we may worship God, be healed, and aid in God's healing of others.

This is the church's call.

To fully appreciate Job's discussion of pain and redemption, please read along as we venture through Job. **Read two chapters a day and you'll have it read in 3 weeks.** What a valuable way to nurture our hope in God's promised redemption.

PARKING LOT PLAN

The Drive so we can drive!

The Session heard the wishes of many in our congregation and put a plan in place to pave the parking lot by **Spring of 2022.**

It'll be an expensive endeavor, maybe \$75,000, but one that'll last another 25 years.

The church will partner with our Day School to kick off a **fund raiser beginning November of this year.** We'll ask for monthly pledges and one-time gifts from our **church congregation, current Jenkins Day School parents, and the parents of our Day School alumni,** too. Our goal is to raise enough to cover the cost but have negotiated with a local bank for a loan of the balance if needed.

So, get ready. Let's all pitch in the part we are able and ensure our campus remains a safe and good place of God.
